Strategy plan

“I was disadvantaged as a child, yet I had the advantage of being in the company of great teachers.”

(A.P.J. Abdul Khan, 11th President of India)

“Every one of our children is carrying something the world is waiting for – it’s just the world hasn’t got it yet,” Sister Judith Russi

The ‘Pupil Premium’ is a government initiative that provides extra funding aimed at pupils from disadvantaged backgrounds. Research shows that pupils from deprived backgrounds underachieve compared to their peers and that there is a strong link between eligibility for free school meals and underachievement. The Pupil Premium is designed to help each school boost the attainment of disadvantaged children and reduce the gap between the highest and the lowest achievers. The government has used pupils’ entitlement to free school meals (FSM) and children looked after by the local authority (CLA) as an indicator for deprivation. The funding is allocated according to the number of pupils on roll who have been eligible for free school meals at any point in the last 6 years (known as ‘Ever6 FSM’), an allocation for each pupil who has been ‘Looked After’ (in care) and a smaller amount for the children of service families.

Principles

- To ensure that teaching and learning opportunities meet the needs of all pupils.
- To ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged.
- We also recognise that not all pupils who are socially disadvantaged are registered for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil, or groups of pupils the schools have legitimately identified as being socially disadvantaged.
- Pupil Premium funding will be allocated following a needs analysis which will identify priority groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.

Pupil premium strategy statement

Pupil premium strategy statement 2024-27.

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

At St Mary's Catholic Primary School, we believe that providing quality first teaching gives the best intervention for catch-up. Everything we do must be underpinned by a commitment to support our teachers to be the best they can be so that we positively impact on the improvement in outcomes for our most disadvantaged children and all children. This will be strengthened by a whole school ethos of high expectations, understanding academic and emotional needs and growing potential in every child.

The key principles of our strategy plan are:

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Embed effective assessment strategies across the curriculum so that practitioners know what pupils have learnt, and effectively identify and close learning gaps.
2	Limited awareness of themselves as independent learners and ways they can manage their own learning to improve outcomes.
3	Increase % of parents engaging in school. Strengthen relationships with parents of disadvantaged pupils to ensure they have the very best start to life.
4	To ensure that school attendance is consistently in line or above the national average by the end of the academic year and the % of pupils who are persistently absent is not higher than the national average.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Embedded assessment strategies used across the curriculum so that pupils know what they are learning and what they have learnt, effectively closing prior learning gaps.	<ul style="list-style-type: none"> • Increase of pupils achieving % of exceeding EXS and GDS in all subjects across all year groups. • Increase % of pupils exceeding in all subjects at the end of EYFS, KS1 and KS2.
Increased understanding of themselves as learners; embedding meta-cognition as standard practice to improve learner's outcomes.	<ul style="list-style-type: none"> • Use of meta-cognition strategies as standard practice for teaching and learning- to be seen in all learning sessions. • Increased book and photographic evidence of pupils leading their own learning using meta-cognitive strategies.
Increased % of parents engaging in school. Strengthened parental relationships of disadvantaged pupils ensuring their very best start to life.	<ul style="list-style-type: none"> • Strengthened parental and school communication ensuring all parents are happy about the workings in the school. • Frequent parent and school events that support and strengthen the experience of a child at school. • Regular and varied learning opportunities supporting parental personal development and understanding.

<p>School attendance is consistently in line or above the national average by the end of the academic year and the % of pupils who are persistently absent is not higher than the national average.</p>	<ul style="list-style-type: none">• % of pupils attending is at or above national expectation for all groups.• Parents have a clear understanding of policy and practice and work with the school to ensure their child has good attendance.
